DETAILED ACTION

New claims 4-15 are pending (filed 11/03/2005).

Claims 1-3 were canceled (11/03/2005).

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

New claims 4-15 are rejected under 35 U.S.C. 102(a) as being anticipated by WO 96/24661 (IDS reference).

Claims are directed to a method of culturing eukaryotic cells *in vitro* on a substrate comprising stomach submucosal tissue under conditions conducive for proliferation of the cells.

WO 96/24661 discloses an identical method of culturing eukaryotic cells *in vitro* on an identical substrate comprising stomach submucosal tissue under conditions conducive for proliferation of the cells, for example: see entire document including page 5 and/or table 2.

The methods as claimed and as disclosed are identical because they comprise identical active steps of culturing identical cells under identical conditions.

Response to Arguments

Applicant's arguments have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37

Art Unit: 1651
